

Sunday Barbecue Scheduled by Hollywood Riviera Sportsmen

By MARY and JACK WEBB
FR 3-8051

Biggest, best promise of fun and feasting this coming weekend will be the Riviera Sportsmen's Annual Barbecue, scheduled for Sunday afternoon at El Retiro Park. Sportsmen president, Louis Regan, tells us that everything this year will be bigger and better than before, with more attractions added to make it an even finer Sunday program for all attending.

In addition to the barbecue, the Sportsmen this year will have baseball games, dart and fishing games and a real bargain type country store. Prexy Regan added that families need not order the barbecue dinner if they do not wish to. There will be a not de-stand, and a coffee and pop stand for those who'd rather snack than sit down to a dinner.

Rivierans who headed the various committees for this affair include Robert Pinkney, food committee; Jim Greer, food booths committee; Ted McLane, games and concessions; Ray Griff, children's activities; Al Koester, ticket sales; Rex Hayes, printed material committee; and Will Zens, publicity.

General chairman of the barbecue is A. J. "Pat" Patrinsky. Riviera Boy Scout troop 718 and Explorers 718-X, plus the newly formed Sea Scout troop have all been invited to set up their own booths at the barbecue. The troops, which incidentally are all sponsored by the Sportsmen, will sell cookies, cakes, and other articles to raise funds for future troop activities.

And as a final word of invitation, publicity chairman Will Zens chimed in to say that each barbecue plate will contain a great portion of food and "heavy" on the meat. Incidentally, as we reported last week, children under four accompanied by parents, will be served gratis plates.

Plan to attend this affair Sunday afternoon. Proceeds go to the youth activities sponsored by the Riviera Sportsmen, so your dollars do double duty.

Speaking of our youth, one of those real big vacation weeks was enjoyed recently by members of Boy Scout troop 718 and Explorers 718-X. These Hollywood Riviera troops, accompanied by scoutmasters, camped for a week up at Big Horn, near Lake Ar-

rowhead. Scoutmasters and Assistant Scoutmasters Pat McGowan, Carlton Paul, Louis Regan and Carl Rogers watched over the twenty-two Hollywood Riviera lads who learned more about woodcraft, swimming, and nature in general during the week in the woods. Scouts and Explorers who made the trip included Steve Willett, Donald Hickey, John Hayes, David Christensen, Brian Jacobs, Bartley Mullen, Carl Paul, Paul Molr, Thomas Sexton, Conrad Von Blankenburg, Michael Lasky, Kenneth Waller, Bill McKnight, Bill Richardson, Frank Beaver, William Britton Jr., Alan Lamson, Ronald Regan, John Beck, Larry Kopp, Steven Rogers, David Stilwell, Phil Southerin, Jim Strobel and Jim Mullen.

NEW NEIGHBOR DEPT: Our new friends and neighbors are moving in to Riviera these days just a little too fast to keep track of them all. As a matter of fact, it's almost impossible to report every new family, so great is the influx to this area. However, we'll give it the old college try this week, and introduce you to just a few of the new Riviera residents.

Welcome to Mr. and Mrs. William B. Hayes and their young daughter, who have moved into the home at 131 Via la Ciruela. They purchased the former home of Mr. and Mrs. William Berard, who have moved to Ferndale, Wash. Mr. Berard's new location with his company, General Petroleum.

Welcome too to Mr. and Mrs. George W. Winterburn, 244 Via Buena Ventura and their two children David, 2, and Bill, 4. The Winterburns are from Santa Paula, Calif. He is a distributor of oil products, and they moved into Riviera about mid-August from their former residence.

A third warm welcome to Mr. and Mrs. William J. (Jack) Anderson, and their two children, Kristen, 4, and Jeffrey 6 months. They have moved into their new home at 105 Via los Altos. The Andersons are former residents of Redondo Beach, and he, mind you, is a native Californian. His business? He's field representative with the Auto Club of Southern California.

Fred Salem, of 292 Via Buena Ventura, recently had his car stolen while on a business trip for his company. Salem is construction superintendent for Gen-

eral Petroleum, and was in Banning on business, when his car turned up missing. After reporting the theft to police, Fred took the bus home. In five days he heard that his car had been found, minus a few personal belongings that had been in the car.

Mr. and Mrs. Earl Vorpapel, of 256 Via Buena Ventura, hosted a birthday party for their son, Bruce, last Aug. 21, to help him celebrate his third birthday. The party, held in the Vorpapel's patio, featured two things dear to all three year olds' hearts—games and food. Table centerpiece was a large white and green cake with little brown sugar horses all over it. Favors of toy autos for the boys and toy books for the girls were given to each child. Guests helping young Bruce celebrate included Lorene Salmen, Linda and Nancy Blair, Billy Winterburn, Gary Lane, Steven Mackey and Cindy Clark.

Dr. R. M. Wurtz, of 216 Via la Ciruela, has been transferred from Orange County hospital staff in Santa Ana to the Santa Monica hospital staff. Dr. Wurtz is the resident OB-GYN.

Born to Mr. and Mrs. James T. Jones, of 237 Via Alameda, on Wednesday, Sept. 8, at Torrance Memorial hospital, was a 8 lb., 6 oz., boy whom they have named James Peter. He joins brother Tommy, 8, and two sisters, Lois, 15, and Ann Marie, 6, at the Jones home. An older sister, Margie, is married and living in Syracuse, N. Y.

Riviera Cub Scout Pack No. 877 started their fall series of meetings at El Retiro Park last Friday night. With a gold rush theme, the four dens competed in a gold dust sifting contest. The Cubs then held an auction under the supervision of den mothers and Cubmaster George Stefan, using gold painted stones as currency. The stones had been carefully painted at previous den meetings by the individual cubs, to be used at the auction. They purchased compasses,

knives and other items with the "gold."

Other games and singing took up the rest of the evening's meeting. Cubmaster Stefan added that next month's meeting will have a musical hoedown theme, with a good turnout anticipated. He points out incidentally that any Riviera parents who wish their son to join the Cub Scouts, should phone him at FR 5-3894. He will try to assign them to a den where they will meet weekly with a den mother to work on projects. Then once monthly, the dens all meet together in a pack meeting where they participate jointly in the current month's theme work.

Den mothers for Pack 877 are Mesdames George McBerney, James Eckstein, Frances Carillo and Harriet Simpkins. John Dowling is Pack 877's Webelo den father. Webelos, for those who may wonder, are Cub Scouts age

ten and one-half or better who while still being Cubs, are old enough to prepare for entering Boy Scout work.

For those of you who came in late, the Torrance Little League recently was split into three divisions rather than its former two. Because of the terrific participation in Little League, the new third division has been formed in order that more boys may take active part. The new Pacific Coast League, as it has been named, consists of all of Torrance lying south of the Pacific Coast Highway. Boys age eight through 12 who live in Hollywood, Riviera, Ellinwood, Pacific Hills and Walteria, therefore, will be eligible to try out for the new division.

CARP FOOD
Carp, long netted from Minnesota lakes as a nuisance, have been found to provide a tasty food. A number of factories are engaged in canning the product.

FOREST PROGRAMS
Twenty-six states have "Keep Green" forest programs.
